

**MORRISTOWN  
YOUTH FOOTBALL**

## Sponsorship Opportunities

Dear Supporter,

As a potential 2026 sponsor for Morristown Youth Football we would like to say thank you for any previous donations and any contributions that you are able to consider for this year.

Morristown Youth Football began in 2021 from the dedication and dreams of a small group within the Morristown community that had a vision of bringing youth football to kids in the area that were looking to play competitive, tackle football. We were focused on grades K-6 in our Inaugural season. In 2023 (our 3rd season) we offered football for Jr. High (7th and 8th grade). 2025 was our High School (9-12) team inaugural season. The high school teams growth from game one to their last was substantial and we cannot wait to start another season in 2026.

As planning and preparation for the 2026 season has begun we are looking to continue to fully fund this program through our 501c3 status with donations and contributions from organizations and private parties who have a love for the game of football and a desire to promote youth sports. **In our previous (5) years we have been able to provide the Morristown Youth Football program to over 90+ kids at no-cost (\$0) to the players and their families.**

The game of football requires a large amount of equipment for personal protection, practice, and maintaining facilities. This year we are in need of increasing our amount of helmets, shoulder pads, blocking & tackling dummies, storage facilities, and covering officiating costs.

We are asking for your partnership that will go to help support the kids of the Morristown Football program and we thank you greatly for your consideration. The donors are the real heroes of this program, as you provide the children of our community the opportunity to play a sport that has long been missing from the Town of Morristown.

Again, we would like to say thank you to all of our previous sponsors and to all new sponsors who can to help support this rapidly growing program.

Donations can be made via check or cash to the address below or you can reach out to either April Allford or Jeanette Summers with questions.

Your support helps cover the cost of:  
Helmets • Shoulder Pads • Jerseys • Blocking Pads • Footballs  
Field Maintenance • And More! We have immediate needs for helmets and shoulder pads.

We are currently accepting donations and will continue fundraising throughout the season.

P.S. Don't forget—your donation is tax-deductible in 2026 and makes a lasting difference in the lives of Morristown youth!
